## Nancy Kerrigan Takes Gold At the Albanian Special Olympics

### TONYA HARDING TAKES PROZAC

Albania (**WHN**) In a triumph of science and will over physical disability, Nancy Kerrigan today captured the gold at the first annual Albanian Special Olympics (sponsored by the **WHN** and *Depends Undergarments*). Ms. Kerrigan had only recently undergone major surgery on her right leg; or in skating parlance, her landing leg. While the extent of injury to Ms. Kerrigan was initially kept secret by her family physician (Dr. Ben Casey of the Hold-the-Mayo Clinic) reports continually leaked to the press indicated that the damage done to Ms. Kerrigan was much more extensive than previously reported.

Indeed, in an exclusive photo (see right) the **WHN** has learned that Ms. Kerrigan underwent a successful leg transplant. While the name of the donor is unknown, Col. Sanders, spokesperson for the Hold-the-Mayo Clinic, reports that the donor had died of foul play. Unconfirmed reports indicate that the donor was boiled in oil by left-wing extremists. However, the right leg (i.e., the future landing leg of Nancy Kerrigan) was salvaged and, during a 12 hour operation, attached to Ms. Kerrigan. Ms. Kerrigan clucks that this is a "flight of fancy" by the worlds press. The **WHN**, *Hard Copy*, and *A Current Affair* stand by this story.

In a related event, Tonya Harding referred to Ms. Kerrigan as "a big chicken". She's using the excuse of the alleged attack to justify her jealousy of me." Ms. Harding attempted to continue, but Dr. Sigmoid Froid, *Personal Psychiatrist to the Stars*, quickly slipped Ms. Harding several Prozac™ to calm her down.

### TONYA HARDING STRIKES GOLD AT SPECIAL OLYMPICS

Albania (**WHN**) In a replay of earlier events, Ms. Tonya Harding reportedly struck Ms. Nancy Kerrigan as she received her gold medal for figure skating. Doctors at the scene report that Ms. Kerrigan was lucky since the baton used by Ms. Harding actually struck the large gold medallion worn by the champion skater. Upon questioning by police, Ms. Harding would only say, "Jeff made me do it. I really am quite fond of Nancy. Why some of my best friends are ... hey, come to think of it, I don't have any friends! Oh well. While I knew about it before I did it, my lawyers say I was morally justified but, legally, I might have been wrong. I have very *goood* lawyers (Paid for by the US Olympic Committee)."

### INVESTIGATIVE REPORT:

# Communist Conspiracies: Still A Clear and Present Danger

In their heyday, communist conspiracies were implicated in a surprisingly large number of incidents, both internationally and within the United States. Among the best known incidents strongly associated with communist conspiracies are: 1) the assassination of JFK; 2) the attempted assassination of Pope John Paul II; 3) the US trade deficit; 4) the price of rice in China; 5) chlorination and fluoridation of drinking water; and 6) the election of Mario Como. However, through the heroic efforts of a few Americans such as Ronald Reagan, George Bush, William Casey, and Hugh Hefner, the communist governments of Eastern Europe have fallen; thus relieving America of any overt threat from these countries. However, it is unclear what effect the fall of communism has had on the American Movement for Communism (AMC) and the question remains, "Is the AMC still a clear and present danger to the American Way of Life"? To answer this question, **WHN** special reporter Dan Lather (code name Agent 85.007) infiltrated the local Albanian cell of the AMC. For 6 days Agent 85.007 lived a life full of danger, beautiful women, fast cars, and secret handshakes. The undercover diary of Agent 85.007, detailed below, was found to contain shocking evidence that Communist Conspiracies are indeed a clear and present danger to the American way of life!

## The Diary of Agent 85.007

**Day 1:** Show up at the AMC cell and, using information from a secret informer (Ned Ander-Thal; 555-6737), give the secret handshake to the mysterious agent provocateur Mr. Bill. He looks vaguely familiar. Discuss and plan the demise of the American economic system. Discuss opening 6 more law schools to aid in the demise of America.

**Day 2:** The Albanian AMC cell helps commie agent "Tonya" undermine US Olympic hopes.

**Day 3:** I become privy (following secret handshake) to secret communist financing plans. Deep cover agent XO arranges for Buffalo Bills to reach the Superbowl. Godless commies place a bundle on Dallas to win by 15 points.

**Day 4:** Met commie agent "Bird". In a startling discovery I find that Dan Quayle is a communist mole. A very lucid Dan explains his role in bringing down George Bush. He further confides that his cover was almost blown by his spelling "potato" in Russian (potatoe). Fortunately, the left-wing liberal unAmerican press helps to coverup the *real* story.

**Day 5:** Following secret handshake, I meet once again with agent provocateur Mr. Bill. I can tell I'm getting close to the real leader of the AMC. Mr. Bill enlists my help to undermine American morality...I go ahead and lend him the \$20 necessary for this act.

**Day 6:** The day has finally arrived, I am meeting with the big boss of the AMC. I am blindfolded and ushered into the trunk of a Toyota Camray (obviously part of a conspiracy to undermine the American Automobile Industry) and driven to an unidentified location. Based on muffled conversation, I surmise my location to be somewhere in Pennsylvania. The blindfold is removed and I meet AMC agent "Hillariski", the top agent in America. It is only then that I realize that the AMC has successfully permeated all layers of the American powerbase, for before me are Bill and Hilla .....

It is at this point that Agents 85.007 diary ends in an abrupt and mysterious manner. While no evidence of fowl play (or even horse play) exists, no one has seen Agent 85.007 since he was bundled off to ... who knows where....*Siberia perhaps!* Who are the mysterious Bill and Hilla....?
